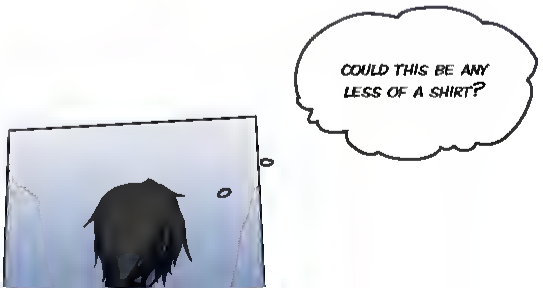
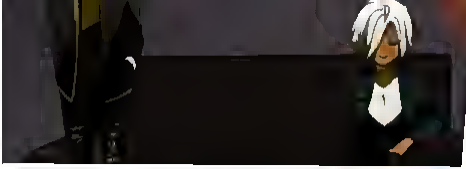
I THINK YOU GOT MY SIZE WRONG...



COULD THIS BE ANY LESS OF A SHIRT?

OH CRAP.
WHY DID I ASK HIM?
HE'S SO SCARY. I HOPE HE DOESN'T YELL AT ME.
—
ACK!

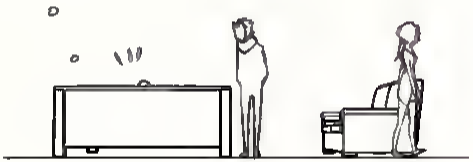


PLANNED.

BY THE WAY HAVE YOU EVEN WASHED THAT JACKET YET? IT SMELLS PRETTY DANK

REMH ROOM TO RECOVER FROM YOUR PUSHY ATTITUDE MORE THAN ANYTHING.

WAIT! NO! IRIS! PLEASE DON'T LEAVE ME IN HERE WITH HIM ALONE!



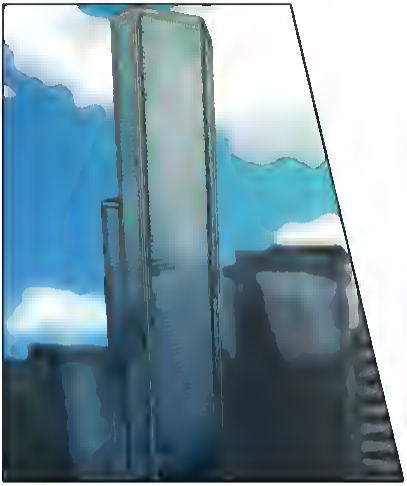
...SO...

How is he?

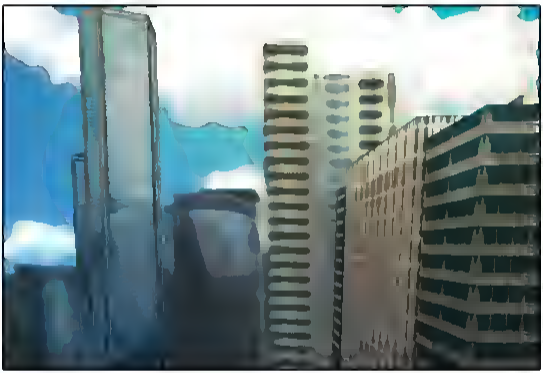
He never comes by anymore. You're the only one I hear of him from and you don't drop by as often.

Well, I guess it's time for me to start heading over to my trainee.

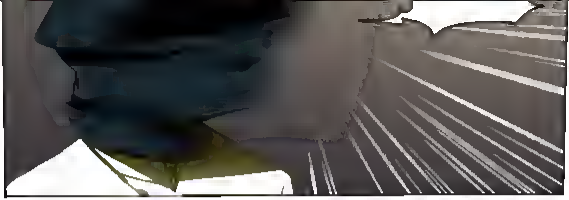
Hey!



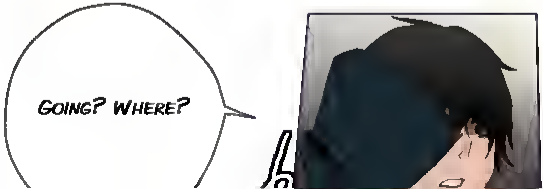
IF YOU LAG BEHIND I WILL ABANDON YOU.



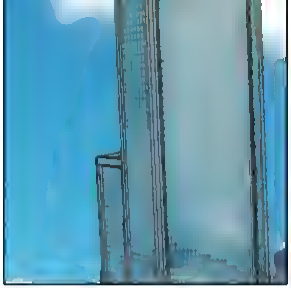
...DANK?
IS THAT ANY WAY FOR A DOCTOR TO TALK?
HM? IS THAT ANY WAY FOR YOU TO TALK TO ME?
I'VE STUDIED FOR MUCH LONGER THAN YOU THINK. I CAN TALK HOWEVER I WANT AT THIS POINT.

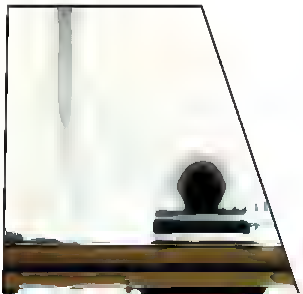


CHANGE INTO THOSE. WE'RE GOING NOW THAT YOU'RE AWAKE.



GOING? WHERE?





SORRY TO TAKE UP YOUR TIME SO UNEXPECTEDLY.

Three timorem encounters and he still lives. Regardless of what he's seen he still seems mentally sound.

Rather than be so suspicious of this oddity I think it would be best to take him in and utilize his ability. Plus, it would be a little cruel of us to leave him to his own devices.

Well... It will take some effort to get this across the Elders since it's a little unconventional.

Paris on the other hand, will still need to learn to get used to the idea of working with him

He may be obedient, but I still see his temper slip every now and then.

Paris?

...Is this all there is to change in to?
We're headed straight to training.
Training?! Already?
Yeah, unless you're ok with being useless and always ending up stuck in a hospital bed like the past few chapters.
Hurry up and change into those.

MEETING UP WITH LEON RIGHT NOW, AND I CAN'T AFFORD TO HAVE HIM RIP THE NEWBIE TO SHREDS RIGHT NOW.
AND I MEAN THAT LITERALLY...
ALRIGHT... BUT DO TELL HIM THAT HE'S ALWAYS WELCOME TO COME VISIT ME.
...LIKE ALWAYS. GOOD LUCK BIG BOSS!
...AGAIN WITH THE NAMES..

.....
HA HA...
IF YOU'RE GLARING AT ME UNDERNEATH THAT MASK, IT'S NOT WORKING.

It's about our little misfit. I'm recruiting him under my division.

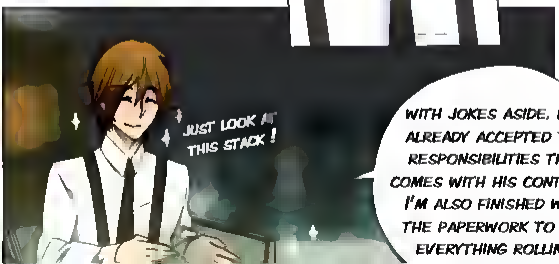
Oh... the kid who could phase through veils?
Why the sudden interest?

But consider it done just to be clear though, you're going to be held completely responsible for him

Even though this is YOU we're talking about, you'll potentially get hell for this decision

But that's when you'll help me out a little right? Heheh.

But I'm kidding of course



With jokes aside, I've already accepted the responsibilities that comes with his contract. I'm also finished with the paperwork to get everything rolling.

I'LL GET CHANGED AS SOON AS YOU LEAVE..

EVEN IF HE DOESN'T HAVE HIS SWORD ON HIM I STILL FEEL LIKE I'M GOING TO GET CUT UP BY HIM.

5 MINUTES.

YOUR SHOES ARE ON THE FLOOR

TRY INTIMIDATING WITH YOUR ACTUAL FACE NEXT TIME.

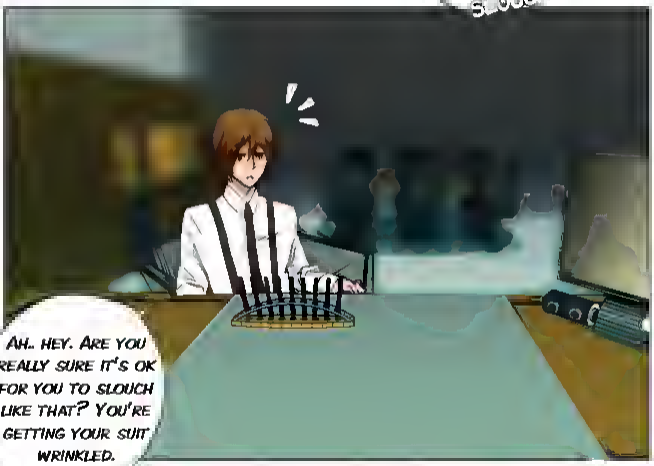
MUMBLE

I needed some time to breathe.

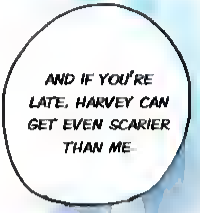
So what brings you here? It's not everyday that you come up here to report.

Slouch



Ah.. hey. Are you really sure it's ok for you to slouch like that? You're getting your suit wrinkled.

Less suit talk. More report.



AND IF YOU'RE LATE, HARVEY CAN GET EVEN SCARIER THAN ME

No. it's alright.
Having back to back meetings is so tiring.

PAIN
PAIN
OH MY GOD.
MY BODY IS SO SORE
PAIN
PAIN

Even though you're Big Boss, I made this promise to Paris first that I would leave you be when you start asking about him
What kind of promise is that?
chuckles
He told me that he'd rather you put your time more into your work than to use it to talk about him considering your schedule.
Some kind of rebellious phase? Or is he being considerate?
I had better get down there anyway Paris should be

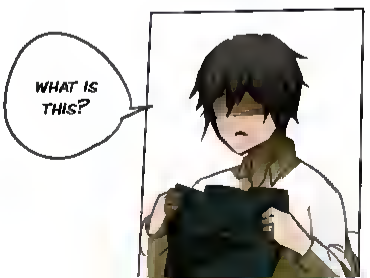
BE SURE TO EAT SOMETHING ON THE WAY. PARIS. YOU MAY BE STRICT ON TIME EFFICIENCY, BUT LEON IS STILL UNDER MY CARE.
BREAKFAST IS IMPORTANT AFTERALL. HE'S GOING TO NEED THE ENERGY FOR WHATEVER YOU HAVE



WHAT IS THIS?

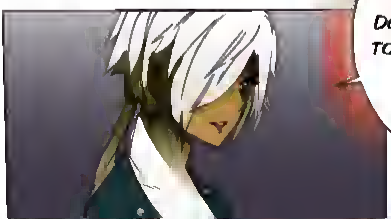
LINE Webtoon

I SHOULD HAVE JUST KEPT SLEEPING.

SMACK
WHY DID MY BODY DECIDE TO WAKE UP?
OOF!

...OK

YOU DON'T HAVE TO BE SO BLUNT ABOUT IT...



DON'T BULLY HIM TOO MUCH PARIS.

IF YOU KEEP IT UP, HE'LL NEED THE
